- Postman

PROFILE

Full Stack Web Developer with hands-on experience in developing highly responsive web applications using React.js, Django, JavaScript, PHP, and SQL. Proficient in front-end development, back-end development, database management, and building web applications.

Aspiring problem solver by nature and committed towards learning and enhancing my skills. I am currently studying Cybersecurity along with exploring different freelance and internship options within the industry.

PROJECTS & EXPERIENCE

ROLE: FULL STACK DEVELOPER

UTSAVORA- EventManagementPlatform

Technologies: React.js, Vite, Tailwind CSS,

Django REST Framework, PostgreSQL,

JWT Authentication, Razorpay, Recharts

- Developed a SaaS-style event management platform with role-based access control for Users, Managers, and Admins.
- Implemented JWT authentication, OTP verification, password reset workflows, and secure API access.
- Integrated Razorpay payment processing with manager payouts and platform commission tracking.
- Created digital invitation templates with PDF generation.
- Built analytics dashboards using Recharts for bookings, revenue tracking, and event insights.

Patel Web Solutions WEB DEVELOPMENT INTERNSHIP

Duration: 2 Months

- Learned Python fundamentals and OOP concepts.
- Built a small furniture website using Django.
- Gained understanding of REST API concepts.
- Worked with Django models and database operations.
- Strengthened debugging and problem-solving skills.
